

Study materials

Author : HPP

Date : June 25, 2019

For supporting the designed programmes and their implementation three different kind of study materials were developed

1. Animation
2. Study video about light pollution
3. [Board game "Planning our living environment"](#)

All interested parties can freely use the listed materials.

The study materials are connected with the following programmes:

**PHE = Professional Higher Education and VET= Vocational Education and Training*
